Introduction

From terrific towers to wonderful water sports, Illyria offers so many beautiful beaches, amazing accommodation, fantastic family fun and much, much more.

Placed across the ocean from Italy, Illyria is only a 3-hour flight from Camulodunum and is the definition of:

PARADISE

As well as all of these breath taking facts, this heavenly country is also a hotspot for all history fans-as here lies the set from the world famous-

Twelfth Night!

Accommodation

Illyria is very much known for its 5-star accommodation. These beautiful hotels have a stunning view of the ocean. They also include large swimming pools, hot tubs, buffet meals, group tours of the country, kids' clubs, a swim up bar, posh restaurants, spas and much, much more.

We interviewed Mr Marley to ask for his opinion on his travel.

He said-

“The hotel was beautiful; unlike any I’ve ever been to before. The beaches had crystal clear oceans but the hotel room was big enough for a family of 10! As for flights to get there, they are extremely cheap-but most importantly, 5-star quality. I thought I was in first class! This holiday was the best money I’ve ever spent- even though the holiday was so cheap- and I now go back to Illyria every year.”

If you are interested in going to Illyria, the price ranges are between £429pp and £699pp, and the activities cost £10 - £59pp for a days unlimited access!

The highest rated hotels are called:

- 1] The Summer Plaza
- 2] Hotel Tropical
- 3] The Grand Guesthouse
- 4] The Cavern
- 5] Orsino's Inn

As for views, each of the hotel suites have a large balcony overlooking the ocean –

Be sure to ask the Hotel staff for a **Luxury Room** [priced at an extra £55].

As Illyria is a very tropical venue, most boarding houses include mammoth swimming pools (most also include kids pools and family size waterslides) and merchandise shops.

Transport and Tours

As there is so much to explore in this unforgettable destination, all of the hotels include a FREE tour of the famous landmarks and beaches. Starting at the hilly mountains of Illyria, the tour then takes you to a museum to find out more about the country's history and tribes. You can then visit the blazing hot beaches, where you can see the waves dance in the gentle breeze.

This magnificent experience will help you understand so much more about the country, and is worth the time.

Not only can you have this wonderful tour, but you can also hire: canoes, kayaks, bikes, boats, taxis, trains, cable cars, trams and lots more to transport you to amazing places within the holiday.
